

Celebration Closet

Every milestone in a Warrior's journey deserves celebration, no matter how big or small. That's what the Celebration Closet is all about. It's a bright, beautiful space filled with gifts for ages 1 through 18, stocked with things kids actually want. Whether your warrior just heard "cancer free," is hitting a major treatment milestone, or is having a tough day and needs a pick me up, they get to choose something special. They can pick gifts for themselves, their siblings, their best friends. Families tell us that walking into the Celebration Closet and having a say in choosing something just for them gives them hope and a reason to smile. Our team can even bring items to the hospital room or home if needed.
